JOHN H. SMITH'S RENOVATING OINTMENT AND HORSE RENOVATING POWDERS.—The author of our existence has caused to grow spontaneously, throughout the world, such vegetable properties as will at once cure, when properly applied, all curable diseases. The proprietor of these truly valuable Medicines might fill a volume with Certificates and Testimonials in favor of his articles; but, considering such puffs wholly useless, since they are so repeatedly manufactured, and made use of to such an extent to palm off some useless trash upon the public, I shall, therefore, state at once, the various diseases that can be speedily cured by these invaluable Horse Renovating Powders, viz:—Glanders, Hidebound, and Horse Distemper. It also carries off all gross humors, and purifies the Blood. It is also a safe and certain cure for the HEAVES; it will also cleanse, at once, the stomach and maw from bots, worms, &c., and again restore the stomach and bowels to healthy action.

SMITH'S RENOVATING OINTMENT is an invaluable remedy for horses, in the cure of the following diseases: Fresh Wounds, Galls of all kinds, Sprains, Bruises, Ringbones, Poll Evil, Wind Galls, Sprains, Sweeny, Fistula, Strains, Lameness, Foundered Feet, Cracks, and Scratches.

The above articles are to be had in most of the Cities and principal Villages throughout the United States, and the Canadas.

Price, 25 cents per box for the Ointment; 50 cents for the Horse Renovating Powders.

R. R. HAZARD & CO.

the only Agents for the sale of the genuine article ; APOTHECARIES HALL.

Dr. Smith has been long and favorably known in New York City as an eminent and experienced veterinary Surgeon, and we think his articles may be relied on as furnishing the best possible remedies for the diseases for which they are recommended. R. R. HAZARD & CO.

TOURO HOUSE,
NEWPORT, R. I.

THE Subscriber having taken this long established Boarding House, invites its former patrons, and visiters in general who resort to Newport during the summer, to give it a trial under his management. He will spare no efforts to make it an orderly and comfortable house, and every attention will be given to the accommodation of boarders.

may5. E. SHELDON.

BROAD STREET HOUSE.

THE subscriber informs his former Patrons, and the public generally, that he has removed from the Touro-House, to one situated on Broad Street, near the Park, formerly kept by Mr. Joseph Fish.

This House having been put in good order is now open for the reception of boarders permanent and transient. Grateful for past favors, he would say that every attention will still be paid to the comfort and accommodation of his boarders, and having given general satisfaction heretofore, he hopes still to receive his share of public patronage. There is also a good stable attached to the House.

DENTAL TOILET REQUISITES.

A most elegant and necessary appendage to the toilet of every lady and gentleman, forming a useful and beautiful present. They consist of the Amber Gum Wash. The "Forandenta" Paste, the "Sapodenta" tooth Soap, Crow Quill Tooth Picks, a Tooth brush, &c., contained in a very elegant Rosewood Case. It is pronounced by all, the most complete Dental Case ever offered to the Public and each and every article are warranted to be of the very finest quality. The Forandenta has been in popular use for a year, during which time we have received the most unqualified testimonials from our most intelligent citizens and visitors, as well as from many eminent Physicians and Dentists, of its superiority, over any thing in use, not excepting the expensive imported preparations, and we challenge a comparison of its merits with any other Pastes or Powders whatsoever. It differs from all in one essential, cleaning the teeth, hardening the Gums and Purifying the Breath, and yet containing no Acid, or grit. The best test of real merit is [illegible] popularity after long continued use. We [illegible] assert that its sales during the past year have been greater than of all other Tooth Preparations for the past FIVE years, in Newport.— Price of the Case, Complete, $1,50. NEWPORT,

BY CRANSTON & NORMAN,

127 Thames Street.

SATURDAY MORN'G AUG. 23, 1851.

☞This evening the great Concert of the season takes place at Ocean Hall, and, if the weather is not unfavorable, we anticipate a very brilliant affair.—By examination of the programme, in another column, it will be seen that the selections have been made with great care and excellent taste, from among the works of the most distinguished composers.

The Concert will open with a grand Overture, "Maritana," one of the best and most elaborate compositions of Wallace, executed by the Germanians.—Then follows a part from the famous Opera "Nabucco," by Verdi, sung by Madame Bouchelle. Next follows Introduction and Variations brillants for Flute, on a theme from Sonambula, executed by Mr. Carl Zerrahn, whose performances this season have excited universal admiration. Jenny Lind's famous "Gipsey Song" will be sung by Madame Bouchelle; this has never been sung at a public Concert, except by Miss Lind, and, of course, there will be a great deal of curiosity to hear it.—There is also a strong desire to hear the Cradle Song. The whole will close with that sweetest of songs, 'The Last rose of summer;" and we know that Madame Bouchelle will charm all with her execution of this song. We heard her sing it, a few days since, and the opinion was then expressed by several competent judges, that she sang it much better than Jenny Lind ever did, at any of her concerts.

We are particularly anxious to see a full house this evening, because we know that Madame Bouchelle is deserving of all possible success; we, therefore, ask the ladies and gentlemen, now here, to be sure and give their attendance at Ocean Hall this evening,—and we will guarantee that they will be most amply rewarded by the exquisite music which they will listen to.

☞The first grand Sacred Concert by the Germania Musical Society will take place at Ocean Hall, to-morrow evening. This will be the only Sacred Concert of the season, and such being the case, and as the programme contains some perfect gems, we have no doubt [illegible]

☞The Second Grand Concert and Soiree Dansante of the Germania Musical Society took place at the Ocean Hall on Thursday evening last. Notwithstanding the inclemency of the weather the Hall was well-filled, and the audience appeared to enjoy themselves finely. The entertainment was opened with the grand Overture "Le Jerment;" this was executed in fine style by the whole company.

The second on the Programme was "Aria from "Pretendent" with Oboe obligato. In the execution of this piece we had an opportunity of listening to another most excellent performance of the Oboe by Mr. Ohlemann. And a rich treat it certainly was. We hope to hear it many times.

Third we had the wild strains of a "Cavatina from the Prophet" as written by Meyerbeer. This also afforded an opportunity for a most excellent obligato performance on the Clarinetto which was duly embraced by Mr Schultze. Probably that which excited the greatest attention or perhaps admiration was the "Variations brillants, on a Russian Air executed by Mr. Schultze on the Violin; to us (if we must find a fault) it appears as though the introduction was to long—as though it kept us too long waiting for the theme. We are inclined to think that anything short of the very best rendering would cause the introduction to be wearisome. Such was not really the fact in this instance although our appetite for the sweet to follow was somewhat aggravated by the long delay in satisfying its demand.

We think there are but few Violinists who excell Mr. Schultze, in purity of tone we think we never heard his equal. We had the pleasure last winter of hearing in New York that celebrated Violinist whose praises were the constant theme of the Press of that city for so long a time. we allude to M. Hauser. He certainly possessed a vividly active imagination with rare powers of reproducing its pictures with his instrument. In this he may excell possibly Mr. Schultze; even here we are not certain for the latter has not yet given us any adequate opportunity to decide. But while he was drawing those splendid fancies with a master skill there was a something unsatisfactory—something which was not at first [illegible] at first could not be named. After close and "long-drawn" attention the dissatisfaction could be traced to the want of a clear, pure tone. It may be difficult now, perhaps, to characterize the fault. Huskiness is, perhaps, to gross a term, but yet it will come as near to the idea, probably, as a shortness of terms will admit. There seemed to be a haziness over the picture.

Not so with Mr. Schultze's notes, they are pure and clear, and we always listen with a perfect satisfaction. There is no blurring the scene—there are no attempts resulting as is too frequently true, in partial failures. Hauser, also played two parts finely, but we think that Mr. Schultze obtains more volume by far on such movements, while the harmony is more correct. The third Variation was a beautiful specimen of this species of execution.

We think the fifth Variation gave a most admirable example of execution. It was the most rapid, difficult, as well as perfect, toned that we ever heard. It is no wonder that the house came "down;" and were it not for the general opinion that it was asking too much, it would have received a most hearty *encore*.

The Reunion Gallop is a superb composition, and was superbly rendered.—If any one doubts whether Mr. Haase can execute, let them hear his trumpet in this Gallop, and his doubts will flee away.

The First Part closed with the "Overture to William Tell." We wonder that the Germania Society have never before drawn from the rich and exhaustless stores of Rossini? We hope that this will only be the beginning of joys, and that we shall have repeated extracts from his works. It may be that we enjoyed it the more from some reminiscences connected therewith. It brought vividly to mind the last time we had the happiness of hearing the Germanias perform it, which was at Jenny Lind's Grand Concerts at Castle Garden.

Part Second, which was composed of dances, went off with spirit and gave the fair ones present an opportunity to "trip the light fantastic toe." But we have not space to comment farther to-day.

☞Rev. Dr. Hall, of Providence, will preach at the Mill St. Church to-morrow. There will be a contribution for the Sunday School Library, in the morning.

☞The last Grand Ball at the Bellevue House will be on Monday evening, Aug. 25th.

[illegible] the season more, and many who have been passing the summer at that place will now come to Newport for a few days. A large number of rooms at the different Hotels in this town have already been written for.

The Caterpillar.—On Tuesday, we noticed the presence of the army worm in the immediate vicinity of the city; they made their appearance simultaneously in the parishes of St. Andrew and Christ Church, adjoining Charleston on the East and West. They are not, strictly speaking, the cotton worm, being somewhat of an omnivorous character, generally commencing their attacks on the grasses and small grains, and extending thence to the young corn, cotton, rice, &c. On one plantation every blade of grass in the pastures was destroyed in the course of twenty-four hours from their first appearance. In the cotton fields they were scarcely less destructive, stripping the plant of leaves and also perforating the young bolls, which perish immediately.—*Charleston Mercury, 9th.*

They are undoubtedly secessionists.

Death of Five Men in a Well!—The Kingston, N. Y., *Journal* of the 13th, says, that on the morning of that day a number of men were engaged deepening a well dug last year for R. Gosman. One of them went down; he did not return, and soon another followed, and passed out of sight; then a third, fourth, and fifth went down, and the last was seen to reel and fall.—The truth soon became known, that the whole five had perished by inhaling the fatal gas so often found in wells.

An Expedition to Africa.—We learn from the Washington correspondence of the Baltimore Sun that Lieut Watkins has asked leave of absence, on present pay, for himself and one officer and five or six men from the naval service, and for an outfit consisting of a small iron steamboat, &c., not costing in the whole more than ten thousand dollars, for the purpose of exploring the most important rivers in Africa. He proposes to begin with the river St. Pauls, which, as there is reason to believe, has a course of several hundred miles through a rich, beautiful, and healthful country, teeming with commercial products.

☞The Locofoco State Convention of Massachusetts, recently assembled at Worcester, renominated Boutwell and Cushman as candidates for Governor and Lieut. Governor.

LATER AND IMPORTANT FROM CUBA

New York, Thursday evening, Aug. 21st.—The mail steamship Cherokee, from Chagres via Havana, in four days from the latter place, arrived this evening.

The Habanero, while cruising off a place called Bahia, 40 miles west of Havana, captured a party of fifty patriots, who were in four boats, unarmed, and report says, were steering for New Orleans. They were brought to Havana on Saturday morning, the 16th inst., at 1 A. M., were placed on board a Spanish frigate lying in port, and executed at 11. 15, A. M., on the same morning. They were shot on the public road in Havana, and, at the least calculation, in the presence of 20,000 spectators. After they were shot, they were dragged by the feet, by negroes, and then left to the mob who commenced stripping them of their clothes; and carrying them on sticks through the streets, yelling like demons just escaped from the bottomless pit, and trying to seek revenge on they knew not what.

From a passenger by the Falcon, from Chagres to Havana, we learn that on the 16th, when off Bahia Honda, the Falcon discovered a large steam frigate in chase of her. When first seen she was standing directly across her bows evidently intending to cut her off. The Falcon, however, kept on her course, and soon left her 8 or 10 miles astern.—This vessel was the Isabella Catholica, formerly the Cunard steamship Caledonia. While she was still in chase, another steamer hove in sight, and succeeded in heading off the Falcon. She at first fired two shotted guns to leeward, of which the Falcon took no notice; she then ran down alongside, and fired a third gun across her bows, although she had the American colors flying.—She then ordered the Falcon to heave to, which was done, when the officers on board the Spanish steamer gave three cheers. An officer from the Spaniard then boarded the Falcon, and behaved in a very insolent manner, inquiring particularly for Spanish passengers. They soon left, and the Falcon proceeded on to Havana, where we learned that the Habanero had, the night previously, landed 50 prisoners, taken in four launches, off Bahai, and that they were all shot at 12 o'clock on that day. Forty of these men were Americans, and were part of the Lopez expedition, which had landed near Havana.

The greatest excitement prevailed in Havana.

The Captain General had sent out about 600 men, to meet Lopez, when he heard that he had landed, and they had advanced to a certain position, and would move no farther without reinforcements; 700 more were sent. This was about two days before the Cherokee's arrival.

During Saturday, the report was, that Lopez had cut off all communication between the government forces and Havana; and the fact of the Capt. General having received no despatches from the General in command, seems strong proof of the statement. Nor had the steamers, cruising on the coast, any better success. On that evening at 8 o'clock, he despatched [illegible] boat to Bahia Honda, to gain intelligence the same night. She did not get back our news. Soon after the Habanero came in, bringing about 40 or 50 wounded soldiers.

Another passenger states that Lopez and his party were attacked by a body of Spanish troops, and, after a bloody, battle, were completely routed. Lopez and a few others escaped to the mountains, and it is supposed the party executed at Havana got separated from their companies and took to the launches.

The Cherokee bring one day later from San Francisco, and also later dates from Oregon. But with the exception of a few details of Indians difficulties, the news possesses no interest whatever.

The Best Authority.—Those who distrust the merits of popular medicines, and wish to find a permanent remedy for Dyspepsia in all its forms, are invited to examine the statements of unquestionable authority given in favor of the Oxygenated Bitters. They will satisfy the most incredulous.

"Postage Stamps won't stick."—This is a pretty general complaint; but is unfounded. They *will* "stick" if you only know how to put them on. Don't wet the back of the stamp. If you do it curls and turns up at the corners. The right way is to moisten, thoroughly, a sufficiently large spot on the envelope, or the letter, if you don't use an envelope. Then put on the stamp—press it down flat and close, and our word for it, it will not come off.

A Costly "smile."—G. W. Cunningham, of Taunton, who was not so cunning as he might have been, last Saturday, left his brown mare and buggy in front of the Revere House, untied, and "went in to smile," according to the fashionable expression in that fashionable establishment. It is hardly necessary to say that the poor man came out to mourn the departure of his brown mare and buggy wagon.—*Bos. Commonwealth.*

Caution to Ministers.—Rev. Mr. Cary, of Topsfield, was yesterday examined before the Salem Police Court, upon a charge of having married two minors without the consent of their parents, and was recognized to appear for trial at the October term of the C. C. P. We believe the defendant is not charged with anything more than a culpable carelessness.—*Salem Gaz.* [illegible]

TO PHYSICIANS AND THE AFFLICTED!

I RECEIVED this day a new supply of Goldberger's Galvanic Electric Chains, which are recommended by all the first Physicians in Europe, as the certain remedy against Rheumatism and Nervous Complaints; what our eminent Physicians, Dr. Wm. Wesselhoeft, Dr. C. F. Hoffendahl, Dr. John Bramhall, Dr. John Eckel, in Boston; Dr. Vanderburg, in New York; Dr. McManness, Baltimore, etc., have proved by trying them.

More than 1000 true testimonials may be read in the different languages at the Agent's, from the first Physicians.

All afflicted with such complaints, are respectfully invited to call and examine the true testimonials and documents, which are confirmed by the Government of Berlin, I recommend these Chains to all afflicted, as there are daily new and extraordinary cures effected by them.

MEDICINES FOR THE PEOPLE!
DR. S. A. WEAVER'S
CANKER AND SALT RHEUM SYRUP,
CANKER CURE AND CERATE.

THESE preparations are scientific productions of a regularly educated physician (who is now extensively engaged in the practice of his profession.) They have become deservedly popular in all sections of the country, where they have been introduced, from the fact that they have never failed to effect a cure where they have been used according to direction.

THE CANKER AND SALT RHEUM SYRUP is an article differing entirely from Sarsaparilla or Dock Syrup, or any other preparation ever offered to the public. It can be positively relied on for the eternal cure of all Scrofulous Humors, Erysipelas, Salt Rheum, Canker in the Mouth, Stomach or Bowels, Female weaknesses, and all humors arising from an impure state of the Blood. In a word it is a complete renovator, eradicating disease and restoring to healthy action every part of the system.

THE CERATE

In all cases of humors, and especially for Salt Rheum and Erysipelas, is a valuable accompaniment to the Syrup, as it will effectually destroy every vestige of Humor from the surface of the body which will be driven out by the use of the Syrup. It is one of the most valuable external applications ever known for Burns, Scalds, Scald Head, Old Sores, Piles, Barbers Itch, and all other eruptions on the skin. And for purposes all other external applications.

THE CANKER CURE

Is the desideratum so long sought for the relief and cure of certain diseases which all other preparations have failed to relieve. It is warranted a positive cure for Nursing Sore Mouths, in these cases it has never failed. Thousands have tried it, and been cured; also, for Canker in the Mouth, Stomach and Bowels, and obstinate dysentery it has effected cures after all other tried remedies had failed. For Ulcers and all diseases proceeding from cankerous humors in the system this is useful and is a valuable accompaniment to the Syrup in all cases of Canker.

Neither of the above articles are genuine without the signature of S. A. WEAVER & Co., on the outside wrapper.

Manufactured at New London, Conn., by S. A. WEAVER & Co., sole proprietors, to whom all orders must be addressed.

C. G. C. HAZARD, sole Agent for Newport.

10. A course of Lectures on Rhetoric and English Literature, by Professor Dunn.
11. A course of Lectures on Didactics, or the theory and practice of Teaching, by [illegible] S. Greene.

[illegible] so that any person desirous of pursuing one or more, may do it at his option, if he does not wish to proceed to a degree. If he enters for a degree, he must pursue the studies required for that degree, having such option as is allowed by the laws.

The price of tickets is as follows:
For three or more tickets, $6 00 each.
" two " " 7 00 "
If only one ticket is taken, 9 00 "

For the course in Civil Engineering or Analytical Chemistry, the fee varies from $10 to $20 according to the time devoted to the study.

Each course will generally occupy one exercise a day, throughout the term.

DOCT. F. GOURAUD,

Medical Doctor, a graduate of the Academy of Medicine and Surgery of Paris, France,

SURGEON OCULIST,

DENTIST,

AND PROFESSOR OF CHEMISTRY: begs leave to apprise the ladies and Gentlemen of Newport and vicinity; and, in general his old acquaintances and former patients, for this sixteen years past, that he has begun anew his former practice of Medicine and Surgery, at his Dwelling, No. 19 Bridge Street; where he offers his professional services to them, as a Surgeon Dentist and Oculist; his long experience and remarkable warranties, given to those who place confidence in his skill, dexterity and performances in giving general satisfaction, will have the merit to assure an enlightened public that their patronage will not be met with, and in regard to their teeth, either for themselves or their children in regulating the defects of their teeth in the different operations performed in the art of Dentistry upon them.

As a Surgeon Oculist, in the varieties of diseases either chronic, inflammatories or accidentals, which afflict the Eyes and the Sight, either in young subjects or older ones, the Doctor having had his long sojourn in the city of Paris, has had opportunities and numerous studies, read [illegible] himself eminently acquainted with them, principally with those concerning the operations performed on STRABICS SUBJECTS, or Squint Eyed.

This delicate operation which gives immediate relief to an awkward and disagreeable deformity of nature, performed by a skilful operator, is reduced to about 30 seconds, or, to the farthest, to one minute's anxiety; and no other hurt or sensation than the feeling of a mite of sand, entering under the Eyelids, or the prick of a fine cambric needle, introduced in the flesh; as an evidence, the only sight or inspection of the instruments used in performing the operation, will be all sufficient to induce a Strabic, without any hesitation to desire the immediate performance of the operation.

It is necessary here to state, that in 1841, the Doctor was the First practitioner who introduced and performed the operation of strabism, in the city of New York, upon 21 Strabic subjects, with an indisputable success, after having operated upon upwards of 300 in France.

Professor Alexander C. Barry's Tricopherous, or Medicated Compound, for restoring, preserving, and beautifying hair, eradicating scurf and dandruff, and curing diseases of the skin, glands and muscles, stings, cuts, bruises, sprains, &c.,—In order to convince the public of the efficacy of any curative preparation, in this thinking and reflective age, it is necessary to explain the philosophy of its operation. The process by which Professor Barry's Tricopherous produces such extraordinary results, cannot be understood, without a brief notice of the structure and uses of the delicate substances to which it is applied, and in the condition of which it accomplishes the most salutary changes. The connection between the hair and the skin is so close, that the one may almost be deemed a continuation of the other; and hence whatever renovates, restores, and nourishes the hair, must of necessity have a healthful influence upon the sensitive membrane in which its roots are fixed. The skin, that wonderful envelope, in which the sense of touch resides, consists of three layers; the epidermis, or cuticle, a semi-opaque, or almost insensible film; the rete mucosum, which is a spongy membrane, reticulated with nerves and blood vessels, and forms a sort of shield to the exquisitely sensitive true skin; and the true skin itself, which constitutes the third layer of the triple envelope. In this tough, flexible, and elastic integument, are located the nerves, blood-vessels, &c., which supply sustenance to the hair, and in the derangement of which diseases of the skin originate. The vessels of the true skin supply the sacs containing the roots of the hair with the moisture which sustains the fibres, and the same causes which affect the health of the hair, also affect the health of the skin. It acts through the skin upon the hair, stimulating the inert vessels, opening the pores, imparting activity to the circulation, [illegible] and dandruff, and soon clothing even the bald or [illegible] with a thick, glossy, silky, and elastic covering. But this is only one of the uses of Professor Barry's Tricopherous. The same properties which restore vital and vegetative power to the skin of the head, are equally beneficial in all cutaneous diseases or superficial injuries. For cuts, burns, bites of insects, sprains, erysipelas, blotches, pimples, scabies, ringworm, rashes, scrofula, prickly heat, chilblains, chapped hands, rheumatism, burns, scalds, bruises, redness of the skin, and in short, all the troublesome and painful external diseases and injuries which are so common in families, and which nothing but external remedies can remove, the Tricopherous will be found a speedy, safe and unfailing cure. By virtue of its double claim as a renovator and beautifier of nature's choicest ornament, and a potent and invaluable remedial agent, it is entitled to a place on every toilet and in every medicine chest. Sold in large bottles, price 25 cents, at the principal office, 137 Broadway, N. Y., and by the principal merchants and druggists throughout the United States and R. J. TAYLOR, Newport, and J. BALCH & SON Providence. may1.

PHALON'S CHEMICAL HAIR INVIGORATOR.

THE enormous progressive increase in the sale of this unrivalled article for renewing, beautifying and perpetuating the growth of the hair, is a proof the common sense and experience of a sagacious public will ensure the triumph of a genuine preparation, which sustains by its results the inventor's estimates over all spurious nostrums, however they may be bolstered by fulsome puffs, or propped up by manufactured statements.—Where the hair has fallen off, it will, in all cases where the vitality of the roots has not been destroyed, produce a full growth of fibres, as exotic and glossy as those with which the scalp was originally clothed. Where the hair is becoming, and thinning, it will refix the yielding roots and restore the growth on the spots which have become bald. If the hair is harsh and dry, the Chemical Invigorator will render it soft, flexible, and lustrous; for it penetrates to the sacks in which the roots of the hair terminate, and is thence conveyed through each tubular fibre, lubricating the dry substance, and imparting vigor, beauty, and vegetative power to the whole mass of filaments. In cases where the head has become bald, or partially so, by disease, whether local or general, the Chemical Hair Invigorator will infallibly reproduce the lost covering of the scalp in its original profusion and beauty. It has the property of darkening the hair, as well as promoting its growth, elasticity and lustre. The lady or gentleman who uses it regularly, according to the directions, need not fear that age will bring its usual concomitants, grey [illegible] at least, until years after the period [illegible] ordinary make their appearance. [illegible] young [illegible] by both sexes and [illegible] Phalon's Chemical Hair Invigorator will be found not only the very best, but the only preparation by which the hair can be preserved in all its luxuriance, and endowed with all the attributes of beauty and perfection which it is the province of art to bestow.

SUPREME COURT, MARCH TERM, 1851.

In the matter,

BENJAMIN FREEBODY, et al.,

and

REBECCA BRYAN, et al.

THE undersigned were appointed by this Honorable Court, at the March Term aforesaid, Commissioners to make partition of the hereinafter described three several lots of land named in the Plaintiff's Bill; said Court at the Term aforesaid adjudged and decreed that the interest of the party Plaintiffs in said suit requires that all the right, title and interest which the late Esther Fleet had at the time of her decease, in and to the three lots of land, mentioned in the Plaintiff's Bill, situated in Newport, in the County aforesaid, shall be sold in order to the better and more equal partition of the same, and thereupon authorized, empowered and ordered the said Commissioners, to sell said three lots of land at public Auction, first advertising the same for sale in one Newspaper in the town of Newport, also in one Newspaper published in the City of New York, and also in one Newspaper published in the County of Queens on Long Island, in the State of New York, giving in said papers at least six weeks notice of the time and place of said sale; that said sale or sales shall be at some public and convenient place in said town of Newport; that the said Commissioners shall require of the purchaser or purchasers the payment of at least ten per cent of the purchase money on the day of sale, forty per cent thereof on the delivery of the deed or deeds, and that the remaining fifty per cent of the purchase money be secured by the note and mortgage of such purchaser or purchasers, said note to be made payable twelve months after date, and bearing interest at six per cent per annum, and said note and mortgage to run to the Clerk of the Court and his successor or successors in office for the benefit of the heirs at law of the said Esther Fleet; now therefore we the Commissioners in pursuance and by virtue of a decree of the said Superior Court made at the March Term thereof 1851, and a supplemental decree made by said Court on the 20th day of June, 1851, do hereby give notice that we will sell at Public Auction, to the highest bidder, at the Ocean House in said Newport, on Thursday the 18th day of September, 1851, at 10 o'clock, A. M., all the right, title and interest which the said Esther Fleet had at the time of her decease in and to the following lots of land, viz:—One lot of land North on Bowery street; East on land of the heirs of Thomas Townsend, deceased; South partly on land of Joshua Perry, partly on land of Charles E. Hammett, partly on land of Joseph H. Records, partly on land of Benjamin Fairbanks, deceased, partly on land of William Townsend, partly on land belonging to Benjamin James, and Nathan B. Hammett, partly on land belonging to Henry Lee, partly on land belonging to the assignee of Christopher Bliven; one other lot of land bounded Easterly partly on land of Isaiah Crooker and partly on land of Charles Russell; South partly on land of Joseph H. Records, partly on land of Clarke Burdick and partly on land of Martha Hathaway and formerly belonging to Jonathan Walker, Westerly one hundred and sixty feet on Thames street and Northerly two hundred and twenty feet on Howard street; the other lot is bounded North on a passage way leading from Thames street to the salt water, three hundred and twelve feet; West on land of Marshal C Slocum; South partly on land of Joseph Weaver, partly on a passage way leading from Thames street to the salt water or harbor, and partly on land of the heirs of Cary Congdon, and the heirs of Henry Bull, deceased, and East partly on land of Joseph Weaver and partly on Thames street, together with the dwelling house and other buildings thereon standing.

VALUABLE REAL ESTATE AT AUCTION.

IMMEDIATELY after the above sale the heirs at law of the late Esther Fleet, deceased, will sell at public auction at the Ocean House, the two following Estates situated in Newport and [illegible] said Esther Fleet—viz: the corner of Division and Mary streets, bounded Northerly on Mary street; Easterly on land of the Devisees of John Springer, deceased; South on land of William H. Allman, and West on Division street—one lot of land bounded North on land of the heirs or devisees of said John Springer, deceased, and partly on land belonging to Trinity Church; Easterly on School street; South on land of Benjamin Finch, and West partly on land of William H. Allman and partly on land of Mary and Sally Potter called the Parsonage estate; one other lot of land containing about eight acres, and bounded Westerly on a road called the main road, being a continuation of Broad street; Northerly partly on land of James Gould, partly on land of Nathaniel Holt and partly on land of the heirs of William Freeborn, deceased; Easterly on land of James Shaw, and Southerly partly on land of Henry Gould and partly on land late of Jonathan Hunt, and now owned by Thomas B. Sherman. Conditions at sale. Application may be made to the Hon. Edward W. Lawton. jy28

BLISS'
JENNY LIND
HOT AIR COOKING RANGE.

IN presenting this Range to the public, the subscriber would call attention to its merits. He has been well convinced from his own observations that the public are in want of a Range with such improvements as will render it more perfect for all purposes of domestic utility and economy, than any now in the market. In the article which he now offers to the public for examination, he has (if he can place any reliance upon the assurance of experienced dealers in Ranges and Stoves, his customers and his own experience and observations) been successful beyond his most sanguine expectations. The Oven is so constructed as to secure the certainty of thorough baking the bottom of all articles proper to be cooked in an oven. It is unnecessary to say to those who have used ranges, that no previous pattern has been free from defect in this particular.

All parts of this Range is double the usual thickness.

It has been pronounced by competent judges, the most beautiful and perfect in its appearance, of any Cooking Range of this country, with some advantages over many ranges that are made. I would call your attention

1st, To its general beauty and great strength of castings. Also, the quality of iron and the care and skill with which they are mounted. Also, notice the top which is so constructed as to prevent the least possible chance of breaking or burning out.

2d, The form of the fire chamber—a cylinder lined with soapstone, or firebrick, and known to be the best form of fire chamber in which to burn coal.

3d, Notice the front of the range closes tight, with a register in the ash-door, to give draft, which when closed makes the range perfectly air tight. Also, a new arrangement for dropping the grate from the outside, so that no dust can escape in the room.

4th, The simplicity of the arrangement; it having but one Damper, which manages the whole. Also, the convenience for cleaning the flues, and a convenient place to put the coal-scuttle and a very large oven, of capacity enough to bake twelve pies. Also, a soap boiler, which can be heated by a side of [illegible] the or a water back, and a new and improved hot-air fixture which will heat a room from 12 to fifteen feet square, with the same fire that is used for [illegible]. There are five sizes of these Ranges, all of them can be set with double ovens either No. 1, 2, 3 or 4, at the option of the purchaser.

LIFE ASSURANCE.

ÆTNA INSURANCE CO., HARTFORD CONN. ANNUITY FUND, $150,000,

Safety—Stability—Economy.

THIS long established and well known company having organised a new department for life assurance, with an entirely distinct capital exclusively pledged with its reserved accumulations for the payment of losses upon life assurance only, is prepared to issue policies on lives at rates materially reduced from those charged by the mutual companies, and as low as is consistent with ultimate safety. The system adopted by this company is to ascertain precisely what it is worth to insure a certain amount upon a life, and to charge precisely that sum and no more; and not to require a larger premium than is actually requisite for the purpose, with the promise of returning, under the delusive name of profits or dividends, the excess of premium which ought never to have been taken. It is attended with none of these vexatious contingencies which are inseparable from the mutual system; it is perfectly simple as well as uniform and equal in all its operations.

Policies will be granted in the usual form, payable after death, or upon the party's arriving at the age of 40, 45, 50, 55, or 60, at his option; in either case free from the claims of creditors. The usual extra risks will be assumed by the company at reasonable rates.

DALLEY'S MAGICAL PAIN EXTRACTOR.

The Original and only genuine—in a new envelope and much enlarged box.

THIS only never failing and sovereign remedy for burns, scalds, piles, salt rheum, cuts, wounds, bruises, chilblains, swellings, old inveterate sores, inflammatory rheumatism, sore and inflamed eyes, and all cutaneous and inflammatory diseases, is extensively counterfeited in the old wrapper!! Avoid it as you would poison—for, to use it, is as dangerous!

I refer to my printed Pamphlets for testimonials of cures performed, and for the truth of every word of which I hold myself responsible. Were I to embody all the testimonials I have received, it would fill a quarto volume of 1,050 pages.

A CHALLENGE TO THE WORLD!

I will forfeit $10,000 to be paid to any charitable institution, if instituted by ANY of the other articles that flood the market, as Salves, Liquids, or so called Exterminators, Extractors, Killers, [an appropriate name for some,] can perform such a cure, in all its particulars, as is related in my circulars, as the

HAGUE STREET EXPLOSION CASE!!

And I will pay to any party $1,000 if he can prove that there is any thing in that statement not STRICTLY TRUE! I deem it useless to say more in reference to the

GENUINE DALLEY SALVE!

CAUTION!

Avoid fraud, and you gain your 50 per cent.—Shun the poisonous counterfeits in the old wrappers and buy Dalley's Extractor only in the new envelope and the large boxes.

MARK—The emblems on the new wrapper—Triangle, Serpent, Sea, Dove, Lion and Eagle.

MIND—The new wrapper—the large boxes—and the genuine article.

THE TEST.

DALLEY'S GENUINE SALVE, if applied in any case of Burns, Scalds, or Inflammation, will afford almost instantaneous relief! It cools when applied, checks all inflammation instantly, and quickly reduces it. Its effects are so soothing, that in cases of the severest burns and scalds, [*see Hague Street Explosion Case,*] and where the sufferer is in the most excruciating pain, it will entirely ease him in a few minutes, so that in about a quarter of an hour from its application, he will enjoy sleep and repose.

The Counterfeit Salves irritate when applied, and increase the pain and inflammation.

DALLEY'S ANIMAL GALVANIC, a certain, quick, and never failing remedy for the cure of spavin, sores, tumors, [illegible], galls, &c. See the new printed Circulars.
